Devon Bulls from Ashwood in 2020

Ashwood Devons is delighted to be offering nine magnificent Stud Devon bulls for sale from its farm at 438 Markwell Road, Bulahdelah.

They have "weathered" the past couple of years very well, growing and thriving through drought and bushfires. And of course just when we thought the rain had solved all of our problems came yet another obstacle for us all, though fortunately that does not affect our livestock.

The current conditions however have caused us to rethink the wisdom of having our Open Day in 2020 and we have chosen instead to reach out to you with this brochure to let you know what is available and how you can go about buying one of our fine animals.

All Ashwood sale bulls have been vet checked and certificates will be provided at purchase. In a season when

we believe there will be fewer Stud Devon bulls available for sale, we encourage you to take this opportunity to add a fine Ashwood bull into your breeding plans and ensure quality calves from your herd for years to come.

The bulls are available for inspection and purchase at any time and we can help with transport. Please give Malcolm a call on his mobile (0417 681 740) or on the landline (02 4987 9071). You can email us, or find us on the Ashwood Devons Facebook page.

We look forward to welcoming you to our farm.

Malcolm & Jo
