Wgt 774kg SS 40cm. Really solid, sound bull, wide muzzle and along the top line. With more maturity he would perform well in coastal hill country.

TWENTY, QUALITY, READY TO WORK DEVON BULLS.

After another hot dry summer with very meagre feed available, followed by a cold frosty winter with wet muddy paddocks, our bulls are finally coming on this past month. They have held their order on hay rations & a small amount of supplement to present in strong, ready to work condition. The presentation that leads to bulls having long, productive working lives.

Weights & scrotal measurements are as at 15 Aug.

Gowan Ross & Vix herds have an excellent health status, free from pestivirus. Bulls are 7 in 1 & vibrio vaccinated. However if moving your purchase to Ephemeral fever prone areas vaccination is recommended.

Condition of sale and assisted delivery as per previous years.
